

## List of Tables

Table 2-1.	Mixed layer depths averaged over January and February from various climatologies. ....	29
Table 3-1.	List of years that comprise the warm and cold composites events in the uncoupled hindcast.....	38
Table 4-1.	List of winter seasons that comprise the warm and cold composites in the coupled and control simulations. ....	86
Table 5-1.	Summary of uncoupled experiments that examine the influence of entrainment on the persistence of ocean temperature anomalies.....	124
Table A-1.	Optical parameters associated with different water types.....	149
Table A-2.	Distribution of water types used in the ocean model for the North Atlantic Ocean. ....	149
Table A-3.	Values of constants used in the ocean model. ....	150
